### Chairman's Review

I am pleased to share that your Company has completed a very strong fourth quarter and a resounding successful financial year delivering a year on year bottom-line growth of 63 percent. The TJ Group (TJ) for the financial year clocked a net profit of Rs. 2,172 Mn which is a 63 percent growth over last year and a revenue of Rs.17.8 Bn a 30 percent growth. The full year results were supported by a strong fourth quarter of a consolidated revenue of Rs. 5.5 Bn a 45 percent growth and a net profit of Rs. 825 Mn which is a 62 percent growth. The strong performances achieved in quarter three, has been surpassed in this fourth quarter, achieving record breaking quarterly and full year financial results. The boost in profits can be directly attributed to the synergy from acquisitions, stringent cost control initiatives, exciting Innovations, and the Company's growing product portfolio.

The Group's gross profit growth was driven by organic operational efficiencies plus sustained development of its acquired entities Ocean India and Quenby Lanka, which were turned around in the first half of the financial year. Gross profit percentage further improved with the deployment of the TJ Coal plant, recording a 87 percent increase over the previous quarter and an 86 percent increase over the last financial year.

TJ's stand-alone performance during the financial year under review was a net profit of Rs. 1,483 Mn a 11 percent growth over last year, on a topline of Rs. 14.1 Bn. TJ's stand-alone bottom-line growth is driven by continuing its operating efficiencies, which is demonstrated in its gross profit growth of 26 percent. Furthermore, the bottom-line growth was despite the cost of investments on strategic initiatives. TJL also chose to take a loss of income due to non-renewal of its operational technical service agreement with OCI, since the companies are now consolidated

TJL Group continued its commitment and discipline towards a strong balance sheet, and despite its total acquisition cash outflows increased its cash reserves during the year. It further optimized its working capital and remained unleveraged with a net cash surplus of Rs. 2.9Bn. The TJ consolidated Earnings per Share records 1.23 quarterly and 3.25 year to date showing growth rates of 60 and 61 percent respectively.

Amidst an ever challenging global space we have continued to pursue every new opportunity; leveraging our regional footing and providing flexible and better solutions to a broader customer portfolio, through which we have sustained our performance and increased value to our shareholders. A commendable note on the Team who ensured a cohesive and smooth transition under a single TJ operating structure, which was instrumental in delivering these outstanding results. With many strategic initiatives taking place, which will reinforce our regional footing further, we are confident that we would continue to sustain this growth momentum and increase shareholder value.
